

## KOCH COMPANIES IN ASIA

Based in Wichita, Kan., Koch Industries, Inc. is one of the largest private companies in America according to *Forbes* magazine. It owns a diverse group of companies involved in refining and chemicals; process and pollution control equipment and technologies; minerals; fertilizers; polymers and fibers; commodity and financial trading and services; and forest and consumer products. Koch companies have a presence in nearly 60 countries and employ about 70,000 people.

In Asia, Koch Industries, Inc. and its affiliates employ more than 2,000 people involved in manufacturing, trading, marketing and sales.

**Koch Supply & Trading** companies around the world trade and provide risk management services in crude oil; refined petroleum products; natural gas and gas liquids; gas, power and emissions; steel; industrial metals; energy; and other commodities and financial instruments. One of the companies owns a refinery in Rotterdam, the Netherlands.

**Flint Hills Resources** is a leading producer of fuels, petrochemicals and other petroleum products such as base oils for lubricants and asphalt. It operates three refineries in the United States (Alaska, Minnesota and Texas) with a combined crude oil processing capacity of more than 800,000 barrels per day. The company's petrochemical business includes U.S. production facilities in Illinois, Michigan and Texas. These plants produce aromatics, olefins, polymers and intermediate chemicals. These commodity chemicals are marketed and distributed from offices in Asia.

**Georgia-Pacific LLC** and its affiliates have nearly 300 manufacturing facilities across North America, South America and Europe, ranging from large pulp, paper and tissue operations to gypsum plants, box plants and building products operations. Its internationally familiar consumer brands include Lotus<sup>®</sup>, Colhogar<sup>®</sup>, Delica<sup>®</sup>, Tenderly<sup>®</sup>, Selpak<sup>®</sup> and the Demak'Up<sup>®</sup> brand of facial cleansing products. Company affiliates have sales offices in China. GP Chemicals owns an interest in Kolon GP Chemical which has a manufacturing facility in Suzhou, China.

**Koch Fertilizer, LLC** and its affiliates own or have interests in nitrogen fertilizer plants in the United States, Canada, Trinidad and Tobago, and Venezuela. The companies cover global demand through state-of-the-art terminals in the U.S., Canada and Europe. Koch Fertilizer, LLC and its affiliates, including Koch Fertilizer Asia Private, Ltd., and Koch Nitrogen Company LLC, have the capability to manufacture, market and distribute more than 9 million metric tons of nitrogen products annually.

**INVISTA B.V.** and its subsidiaries are among the world's largest integrated producers of polymers and fibers, primarily for nylon, spandex and polyester applications. INVISTA has facilities in more than 20 countries across the globe and operates four major businesses: Apparel, Intermediates, Performance Surfaces and Materials, and Polymer and Resins. INVISTA is behind many items that enrich people's lives every day; clothing, carpets, luggage, plastic bottles, automobile interiors, airbags and many other products. Built on a heritage of innovation, INVISTA owns more than 1,000 unique pending or granted U.S. patents, with corresponding patents in nearly all of the countries where INVISTA has a business presence. INVISTA delivers exceptional value for its customers through technology innovations, market insights and a powerful portfolio of global trademarks including LYCRA® fiber, STAINMASTER® carpet, ANTRON® carpet fiber, COOLMAX® fabric and others. The company has recently expanded its spandex fiber production capability in Foshan, China, and has also constructed a new nylon 6,6 airbag fiber manufacturing plant in the Qingpu Industrial Zone of Shanghai.

**Koch Chemical Technology Group, LLC** companies design, manufacture, sell, install and service process and pollution control equipment, and provide engineering services for industries and municipalities worldwide. Its subsidiaries in Asia include Koch Heat Transfer Company, Koch-Glitsch, Koch Membrane Systems and John Zink Company and its affiliates.
